Who better to re-imagine the grill,
than a chef who inspires millions.

Heston Blumenthal is one of the world's top chefs. His Berkshire restaurant, The Fat Duck, has won international accolades and been awarded 3 Michelin stars, while Heston himself was given an O.B.E. by Her Majesty the Queen for services to British Gastronomy.

A fellow of both The Royal Society of Chemistry, and The Royal Academy of Culinary Arts, Heston's never been one to do things by the book. By pushing the traditional boundaries of the kitchen, and injecting a sense of child-like wonder and theatre into everything he touches, he's inspired a generation to seek pleasure, and entertainment, in food. Now, Heston's bringing his magic touch to the great outdoors, making it easy for anyone who enjoys barbeque grilling, to put on a commanding performance.

Heston

"Over 20 years I've learnt how to get the best out of ingredients. By incorporating some of my favorite techniques into these designs, I've created what some might call a 3 Michelin star barbeque grill range."
